

## Thread Terminals Metric - TTM

### Product information

TTM (Thread Terminals Metric) are stainless steel threaded terminals for pressing or swaging onto stainless steel wire rope. They are used to put tension on a wire, either with the help of nuts and washers or as part of a rigging screw.

#### Features:

- Wide range of sizes
- Available in right hand and left hand threads.
- Other sizes or UNF thread available on request
- Available with or without a nut.

**Material:** Stainless steel AISI 316

**Temperature range:** -50°C to +100°C and briefly up to +200°C

**Finish:** High polished.

**Note:** Part codes ending in an "N" include a nut.

**Warning:** It is strongly recommended to lubricate threads first, before tensioning.
