GKS Transport Trolley L20/F20

Product information

The GKS worldwide approved transport trolleys solving your in-house heavy load standards - safe and perfect! Series F and L – the perfect 3-point moving solution for safe and simple transport. F trolleys – the rear axle of the load moving system with adjustable connecting bar to fit under heavy loads of almost any width. L trolleys – the front steering support with swivel top and tow eye to guide your loads safely. Wheels - special GKS wheels, that do not mark floors. Low rolling resistance and highest stability for numerous uses.

L20/F20 set:

- Heavy duty transport trolleys for loads upto 40 t.
- Extremely low loading height: 180 mm
- All transport trolleys from F/L20 to F/L60 are interchangeable due to identical loading height.

Contact us for more possibilities! Sets available up to 120t.
