Lanyard SKYSAFE PRO+ I Skylotec L-0834

Product information

The SKYSAFE PRO+ is a lanyard with a flexible arm and ultra-compact webbing fall arrester that reduces the force to less than 6 kN with a maximum fall arrest distance of 1.75m. The sewn-in RESCUE LOOPS allow the casualty to be lifted with a rescue device in the event of a fall, relieving the load on the carabiner and facilitating the rescue.

- Compact webbing fall arrester for high freedom of movement
- Universally applicable due to wide weight range from 50 to 150 kg
- Fast and easy rescue thanks to integrated RESCUE LOOPs
