# Column Mounted Jib Crane PFT

**Product information**

The PFT's beam is built on an I beam profile, appropriate for indoor or outdoor use. Its light weight gives it great flexibility for rotations of 270°. The structure of this jib crane is suitable for the optional installation of a hoist motor direction.

A full range of accessories is available.

Floor fixing is done with chemical anchors or anchor rods with foundation.

**Options**

- Installation template + anchor rods (or base plate for chemical anchors, keeping its limitations in mind).
- Hoist power supply cable.
- Lockable main switch.
- Rotation slowing device (adaptable without welding or mechanical intervention).
- Hot dip galvanizing (contact us).
- Rotation stops to weld onto the assembly, or adjustable.
- Single or multiposition's rotation lock.
- Electric or manual hoist.
- Outdoor use.
