

## Lever Hoist Elephant Mini YA

### Product information

The Rema® YA lever hoist is an extremely robust lever hoist for hoisting, pulling, tensioning and lashing in all directions. With one simple action the lever hoist can be set in its freewheel.

#### Properties

- Very low self weight, compact dimensions.
- The rotatable top and bottom hook are provided with safety latches.
- In case of overload, the hooks will gradually bend and do not suddenly break off.
- Self locked brake that holds the load at any desired height.
- Freewheel is possible in unloaded condition.
- Freewheel by one simple action.
- The hoist is fitted with a rubber anti-slip handle.
- Galvanized load chain (Grade 10).

#### Standard delivery

- 1,5 m lifting height (max distance between top and bottom hookpositions).

#### Option

- Available in other lifting heights.

**Marking:** According to standard, CE-marked

**Standard:** EN 818-7, EN 13157
