Remote Control eMAX Elebia

Product information

The eMAX is most advanced remote control, able to control the automatic hooks with the weighing scale. It can control multiple Hooks Evo5 and Evo25 simultaneously.

It displays all the info in a big hi-res screen and a high profile keypad, yet remains handy and lightweight.

Features:

- USB port
  - charge the remote control
  - export log file
  - update sofware
- RS-232 serial port for PLCs (optional)
- Real time input & output data/orders transmission to PLCs/PCs
- Log events file
- Rugged enclosure, IP65
- Membrane keypad
- Intuitive and user friendly directional keypad
- Rechargeable Li-Ion battery
- Vibrator/Buzzer
