Vacuum Beams AERO-180°

Product information

AERO® LIFT
moving limits

The standard vacuum lifting beams AERO-180° are designed from robust welded steel, with integrated motor protection switch, which protects the vacuum generator from winding damage. Stepless, smooth swivel from 0°-180° thanks to electric linear drive.

They are typically used for lifting steel and aluminium sheets and plastics.

Product variants

The AERO-180° vacuum lifter is available in different versions with:

- load capacities from 125 to 250 kg
- 4 to 8 suction plates
- 2 to 4 crossbars
- different suction plate diameters, etc.
