

## **Container Lifting Beam Type C and D**

## **Product information**

Lifting beam for handling standard 20-ft and 40-ft containers. Supplied complete with wire rope or chain slings, type CLB-32 or CLB-40 container hooks for attachment to container bottom fixings and type CLT for top fixings.

**Design:** The type C frame beam is designed for lifting from the bottom fixings. The type D frame beam is designed for lifting from the top fixings.

Proof: 1.5 x WLL.

Type C Frame beam - bottom lift.

Type D Frame beam - top lift.

Material: Hollow-beam and plate of high-strength structural steel.

Marking: Maximum load and CE mark.

Finish: Yellow painted.

Note: Manufactured in accordance with the Swedish and international standard SS-ISO 3874, which states that a lifting beam is required

when handling loaded standard containers larger than 10 ft in
