

Pallet Fork Type 6010

Product information

Pallet fork for handling of standard pallets from the short side.

Design: Horizontal boom. The lifting eye must be moved to its respective position for lifting empty or loaded.

Proof: Batch proof 2 x max load.

Material: Hollow-beam and plate of high-strength structural steel.

Marking: Maximum load and CE-marking.

Finish: Yellow painted.

Note: Other sizes and designs are available upon request. This item is easily adjustable for customer's requirements and particularly suitable where there is restricted head room.
