

Lifting Beam Type H-SB

Product information

CERTEX

This type of lifting beam has adjustable attachment points in one direction via a cam beam and is based on lifting in four points. The lifting beam is designed for direct attachment with the crane hook in the central lifting eye. The attachment points are designed as oval rings, which makes it possible to use for example a 2-part sling. Other lengths and working loads can be manufactured upon request.

Design: Lightweight welded beam construction providing good torsional stiffness.

Proof load: Usualley 1,5 x WLL.

... [Read more](#)

Material: Beam and plate of high-strength structural steel.

Marking: Working load limit (WLL), CE marking, manufacturer, serial number, year of manufacturing, etc.

Finish: Yellow painted. Other treatments available on request.

Note: Top sling, separate slings and other accessories to be ordered separately.

Lifting Beam Type H-SB
