

Starcon Double Headed Spherical Anchor

Product information

The Starcon double headed spherical anchor is designed for concrete pouring with a sturdy foot for secure anchoring and a cylindrical head that easily connects with a Starcon lifting eye. It is ideal for applications where the recess moulder remains attached to the reinforcement, such as face-up floor and deck elements, overhead supply pipes and stair installations.

The anchor is also suitable for concrete products that are to be repeatedly produced in the same design and where semi-automatic anchor machines are used for assembly in the mould. This makes it timesaving to insert the anchor into either the mounted form or into the semi-automatic anchor machine.

Areas of application: Concrete pipes, wells, stairs, pipes and columns

Advantages: Ideal for applications where the recess mould remains attached to the reinforcement.

Quick connection/disconnection with shapes and lifting eyes, perfect for efficient transport and setup.

Load group: 1.3t – 5t

Technical information: CE marking according to MD 2006/42 EF

Starcon product is designed according to EN13155-2009 and follows the guidelines of VDI/BV-BS 6205 and DS/CEN/TR 15728.

EPD: Our Environmental Product Declarations (EPDs) are available in the LCA NO calculator/software. These EPDs have been prepared in strict accordance with ISO 14025 and EN 15804 standards.

Download the EPDs from the LCA database:

Untreated Products: [Starcon Lifting and Handling Systems for Concrete elements - Untreated - EPD Norge](#)

Surface treated Products: [Starcon Lifting and Handling Systems for Concrete elements - Surface Treated. - EPD Norge](#)

Marking: CE-marked, batch code, load group + S(Starcon)

Finish: Untreated - Corrosion class C1 - ISO 12944-2. Hot-dip galvanized - Corrosion class C3 - ISO 12944-2

Note: The delivery time for the individual products is estimated and if the desired quantity is not in stock, please contact [CERTEX Danmark A/S – Starcon](#) for information on the applicable delivery time.
